

IEEE WF-IoT 2016 Call for Special Session Proposals

IEEE WF-IoT 2016 will be hosting a series of special sessions and invites the submission of special session proposals. They should emphasize on current topics relevant to the IoT community on the latest research, engineering, standards and business issues and should include a mix of regular and invited presentations. Special Sessions should complement the regular program with new and emerging topics of interest.

Please address any questions to Special Session Co-Chairs Mirko Presser (mirko.presser@alexandra.dk) and Soumya Kanti Datta (soumya-kanti.datta@eurecom.fr).

Each Special Session Proposal must include the following and should be maximum four pages:

- Title
- Abstract
- Scope
- Intended audience
- Objective
- Prior history (if any)
- An outline of advertising plan
- Brief bio of the organizers
- Any other relevant information

Accepted Special Sessions must implement IEEE academic best practices regarding peer reviews and paper publication. Accepted and presented paper will be added to IEEE Xplore and the conference proceedings.

The proposal must be submitted through EDAS system at - <https://edas.info/N22145> using the option for “Special Sessions Proposal”.
